TRANSPORTATION AGREEMENT

As the parent or legal guardian of: _____
(CHILD'S LAST AND FIRST NAME)

I, _____, (NAME OF PARENT OR LEGAL GUARDIAN) request to provide bus services for any of the following: pick up or drop off, school trips, etc. for my son/daughter. I understand that the above named child will be with a supervisor at all times while on the bus until being released to a parent or to a person authorized to pick up the child. In case there is nobody at the designated bus pick up point, the child will be taken back to school and remain under supervision until a parent or someone authorized to pick up the child will do so. In such an event there will be an additional charge of \$20.00 for every 30 minutes the child spends with a supervisor at the day camp center (No Exceptions).

In Accordance with 22:16 of the School Law. School Administration has the authority to suspend the transportation privileges of a child/children who are disorderly and insubordinate. When School suspends a student's transportation privileges, the parents or guardian of the child involved become responsible for seeing the child gets to and from school.
